Back to Basics . The Hospitalist. 2008 December;2008(12) Author(s): Larry Beresford . ... So there’s not a lot of structure for critical care. I was interested in seeing the studies about sepsis and the emphasis on washing teeth twice a day in the ICU. I was also interested in the discussion about how not to just plateau in your career.

Priorities for basic and translational research in sepsis have been proposed by members of the Surviving Sepsis Campaign Research Committee Task Force in this issue of Critical Care Medicine, in the halcyon days before coronavirus disease 2019 (COVID-19) was imprinted on the global psyche. Doubtless, COVID-19 will dwarf the research agenda for years to come.
