as they face leadership challenges.

DeCoske MA, Tryon JE, White SJ. The Pharmacy Leadership ...

Most pharmacy schools do not teach pharmacists how to become leaders. There is a big difference between holding a leadership position in the pharmacy setting and actually being a leader. In the past 15 years, I have found that leadership is a rare quality in our profession, mostly because we learn from other pharmacy managers who were not trained to be leaders either.

The Pharmacy Leadership Field Guide Cases And Advice For ...

Pharmacy careers involve supervising technicians and being responsible for inventories, while also ensuring that patients receive excellent care. These duties fall on all pharmacists, not just pharmacy managers and supervisors. Personally, when I started pharmacy school I knew that acting as a leader would be one of my bigger challenges.

Being a pharmacist means being a leader | American ...

This individual represented a core principle of the pharmacy enterprise: a leader with a focused strategic plan encompassing quality of care and generation of revenue, the latter being practically unheard of in health-system pharmacy, where inpatient services have historically dominated.
